Juicy!

By kslmbuggie

I want to preface this review by mentioning that this book is not romance but erotic fiction, so if you are looking for Maureen's normal romance genre books this book is not for you.

First definitely read Exposed before this book so that you'll know the history of these characters and what brought them to this point in their lives.

There were a few unexpected things that happened in this book. Tamia for one totally changed, it seemed as though she really realized the error of her ways, and put forth a conscious effort to right her wrongs. Brandon, we really saw a different side of him. Yes he was the suit and tie type, but we really got a glimpse

of his ruthless side, and everyone loves a bad boy. The sex scenes in this book were off the chart, they certainly lived up to the erotic title. They will have you squirming in your seat, so read this in the privacy of your own home. Not only were Brandon and Tamia on fire but everyone else in the book was too. Naomi really took it up a notch in these scenes. The supporting cast of characters also added tremendously to this book.

I could definitely see a future read with Brandon's brother Beau and even Dre, it would be interesting to see where his relationship goes. I couldn't help but root for Tamia. Yes she pissed everyone off in the first book, but before she started to act foolish we were all rooting for her, so I definitely wanted to see her and Brandon back together in this book. Nobody likes a cliff hanger, and I surely don't, but if you want to read good material it is worth the wait. I certainly didn't expect the book to end how it did, and we are surely left hanging. I'll be patiently awaiting the release of the next book to see what will happen in this ongoing drama.

plz dnt mk us wait a whole yr agn!!!

Omg... That's all I can fathom right about now. I had this authors debut novel "exposed" alrdy n my collection and it was every bit of juicy. I kept seeing "deception" in my recommendations and I was like Naomi Chase, Naomi Chase... She sounds familiar. Then I snapped my fingers... It clicked, this is the sequel to exposed! I bought it so fast my bank account almost missed the transaction lol. But deception was off the candy man hook. It was full of drama, mystery, DECEPTION, and erotica. Every elements in a book that I love. It left you hanging at the end but in a good way. Because we know there will be a trilogy. My only selfish concern is I hope she don't have us waiting another whole yr. Exposed came out in Feb of 2011 and deception came out Feb of 2012 *sigh* please ms. Chase dnt do us like that again but great job this book banged!!!

Can't Wait For The Finale!!!

By Kim M.

I guess my opinion is opposite of the first reviewer because I was actually kind of pulling for Cynthia in Exposed but really didn't like her in this. I understand fighting for your man but she just came across as sneaky, underhanded, mean and just annoying in this. I sympathized and respected Tamia a lot more in this novel for trying to protect her sister and honoring her word and promises she made to others (as well as owning up to the mistakes she made and doing better). I also liked that we got to know a little bit more about the horrible up bring Tamia and Fiona had and the negative behavior it led them to engage in. I think Brandon might have been a bit hard on and insensitive to Cynthia though, but I think after awhile he (like I did) began to feel like she couldn't be trusted and was really just putting on a show in order to manipulate him. Overall extremely well written book love that ALL of the characters have flaws and aren't picture perfect. The secondary characters are also very well developed and had a great impact on the overall story. I loved this book can't wait to see what happens next.

P.S. I really hope that Brandon and Tamia make it.
