From the Back Cover

‘This delivers the essential concepts of modern finance clearly and concisely. My advice: buy this book and keep it close at hand!’ Mark Kritzman, President and CIO, Windham Capital Management, LLC

‘Whilst there are a number of books that purport to offer a quick reference for business professionals, this is the only one that really manages to do this in an effective way.’ Valerio Potì, Director of the MSc in Finance and Capital Markets Program, Dublin City University Business School

‘This is corporate finance served in bite-sized and digestible portions.’ Elroy Dimson, Emeritus Professor of Finance, London Business School

‘Javier Estrada is to be commended for translating deep economic ideas into terms that are immediately usable, compelling and valuable.’ Robert F. Bruner, Dean of Darden Business School, University of Virginia

Whether you are an executive or a student, beginner or expert, this book is designed to explain and illustrate the working essentials of finance with clarity and speed.

The Financial Times Guide to Understanding Finance deliberately combines essential theory with real-world application, using short, focused chapters to help you find what you need and implement right away.

Originally published as Finance in a Nutshell, this new edition includes:

- Full coverage of risk and return including CAPM, the three-factor model and risk-adjusted returns
- Stocks and bonds including versions of the DCF model, reverse valuation, relative valuation and issues related to fixed-income securities, pricing and sources of risk

- Case studies and examples from companies such as Apple, Merrill Lynch, Microsoft, Berkshire Hathaway and Johnson & Johnson
- Accompanying Excel spreadsheets of all the calculations and formulas at www.pearsoned.co.uk/estrada

About the Author

Javier Estrada holds an M.S. in Finance and a Ph.D. in Economics both from the University of Illinois at Urbana-Champaign. He is currently an associate professor at the IESE Business School in Barcelona, Spain; the co-editor of the *Emerging Markets Review*; and a wealth management advisor at Sports Global Consulting. He has published extensively in international journals, written many cases for class discussion, and lectured throughout the world.

short bite sized chapters in easy to understand language

By Patrick Molen

Purchased this book after taking the free six week Coursera class "Essentials of Corporate Finance" offered by IESE Business School with Professor Javier Estrada. The book breaks down the most practical Finance topics into short bite sized chapters in easy to understand language.

3 of 3 people found the following review helpful.

must-have for MBA students and finance professionals

By oasis monkey

have read tons of finance books, Finance in a nutshell is really one of its kind. whether you need to gain comprehensive understanding of finance and investment in constrained time or you are already familiar with most topics covered in finance text book but need quick reference from time to time, you will all find it useful and worth the money.

Good Reading

By Pavitran Dharmarajan

This book is great. It gives a good insight on how to buy and sell stocks, choosing and selecting portfolios and how to do a technical evaluation. Book was delivered earlier than expected. Great for beginners who plan to trade in stocks and to those who want to identify stocks with minimal or extreme volatilities. Thanks
