Oldest edition

By mcruz

The book's edition that I have received is oldest than book's edition that I bought.

8 of 8 people found the following review helpful.

A must have book for teachers and tutors

By Ms Peggy L Sterkin

This book is extremely well organised and focussed. In a systematic and careful way you learn how to write paragraphs in several different ways. Punctuation and grammar is gradually unveiled when appropriate. Writing an essay is introduced at the end. I am using this book with my students with great success.

I use the book in my writing classes

By Maria-Cecilia Campa

This is an excellent book. I am a professor at a local community college and this book is a wonderful resource not only for teachers but also for students who are learning the English language and writing skills. I am using the entire series in my classes at the college level and the students are really coming together and excelling in their writing due to the exercises in the book. I approve and am happy that the authors came up with such a concept.
