Most helpful customer reviews

0 of 0 people found the following review helpful.

Does not have Connect access or advanced Kindle features.

By Steven A. Leahy

The book itself is fine, but I strongly recommend against purchasing or renting it from Amazon. Unless the seller specifies otherwise, it will not have a Connect access code, which means you cannot do coursework if your professor uses Connect, without paying for the book twice. It also does not support Kindle text-to-speech or VoiceOver in the Kindle app.
