It will certainly include even more knowledge of you to life and also function much better. [Los Tres Cabritos/ The Three Cabritos \(Spanish Edition\) By Eric A. Kimmel](#), Try it and prove it.

LOS TRES CABRITOS/ THE THREE CABRITOS (SPANISH EDITION) BY ERIC A. KIMMEL PDF

Once upon a time three cabritos (little goats) decide to go to a Mexican fiesta. But their mother is worried. She warns them about Chupacabra, the goat-sucker who lives beneath the bridge. And sure enough, as the goats cross the bridge, he jumps out! "Say your prayers. I'm going to eat you," he tells the goats. But they are clever. And they know how to play music—music that finally gets rid of that old goat-sucker forever! Pleasant illustrations rendered in pencil and digital techniques by Stephen Gilpin add to the story of the legendary creature, Chupacabra. An author's note, glossary, and pronunciation guide are included.

Fun twist on familiar tale with really amusing illustrations

By Kilgore Gagarin

If you're not paying attention, this book is entirely in Spanish - it is not a bilingual version of the familiar tale of the "Three Billy Goats Gruff." We still have three goats (los tres cabritos), and they do traipse across a bridge. Instead of a troll, the mythical "chupacabra" (goat sucker) is actually a better villain, in my opinion, since chupacabras focus specifically on goats.

Each of the goats plays a different musical instrument, with each instrument slightly larger (fiddle, guitar, accordion) as are the goats. The hapless chupacabra ends up getting a musical comeuppance.

The illustrations brought a smile to my face with the monster chupacabra reminiscent of the giant hairy

monster who wore tennis shoes in old Bugs Bunny cartoons.

This is the kind of book we used in first and second year high school Spanish classes because of the simpler vocabulary of a children's book. With four years of high school Spanish I had no problem reading this book at all. There is a very small glossary and pronunciation guide, but given that it's only nine names and terms, I found it an odd addition.

For a native Spanish speaker, I put this book at about a first grade level.

Fun book, funny cartoon like illustrations, and an easy amusing read. Muy bien hecho.

A New Take on the Three Billy Goats Gruff

By Rebecca Haden

"The Three Billy Goats Gruff" is a Scandinavian tale, but the three goats in "Los Tres Cabritos" are crossing the Rio Grande into Mexico where they plan to dance and sing and eat lots of great food. They always have fun when they go to Mexico.

Unfortunately, there is a monster living under the bridge, a monster named Chupacabra who eats goats. Each of the brother goats tells the monster about his older brother who will provide a better meal, as in the Scandinavian story, but there's a difference. Each of the goats also plays music for the monster. The illustrations of Chupacabra dancing to the music of the violin, the guitar, and the accordion in turn are sure to be kids' favorite part of the story.

The biggest billy goat has a special power, though: no one can stop dancing while he plays, so the monster ends up deflated like a punctured balloon, and he can cross the bridge in safety.

This is Eric Kimmel's original Tex-Mex version of the story, using the traditional bogeyman Chupacabra ("the goat sucker") in place of the Scandinavian troll, and parents may prefer its nonviolent approach over the traditional one. The illustrations are witty, lively, and modern.

This version is in Spanish. The familiar story and repetition make it a good choice for Spanish language classes or for bilingual classrooms as well as for Spanish-speaking kids.

Nice Little Story!

By Lynn Ellingwood

Los Tres Cabritos is a wonderful version of the Three Billy Goats Gruff told in a Spanish version on the shore of the Rio Grande. Three goat brothers who are musicians learn of a Mexican fiesta where they can play, sing, dance and eat great food. They are all for it but grandma said the Chupacabra, a goat eating monster guards a bridge the brothers have to cross. She warns against them attending the fiesta. Of course they approach the bridge one at a time telling the chupacabra that the next brother is bigger and tastier. Really fun book in Spanish for children. I am not fluent in Spanish and it was a great way to practice my reading comprehension. I really only had to look up a few words at the end of the story to comprehend what happened to the chupacabra. The illustrations provide great picture support and the story is quite fun. Great for children and adults alike!
