LUSTY LAWYERS AND THEIR INNOCENT INTERNS VOL 1

BY KAY BRANDT PDF

Welcome to Crystal Hills, a magical, sensual city where a large population of lesbians live, love, and engage in bad behavior. An inherently different breed, Crystal Hills lesbians have a reputation for being fantastically naughty and shamelessly perverted.

Crystal Hills boasts the best of everything—cuisine, art, entertainment, sex education and premier legal services. The law firm of Lilley, Beaux, Reyes and Paxton occupies the penthouse suites of an exclusive downtown skyscraper. The all-women enterprise, headed by the four most sexually scandalous women in the city, is the top destination for those needing legal expertise. In Volume 1 of this farcical series, readers will meet August, Madison, Bella and Sicily—the horniest lady lawyers ever, as they hold their quarterly interviews for “hopefuls”—the young women vying for the new intern openings. An internship at the firm is quite prestigious, and for the right girls, an opportunity to develop a certain skill set—learning how to be properly spanked by the boss. While the new interns learn the art form of obeying and hope to earn rewards of sheer pleasure, not everything is blissful in Crystal Hills. How will August and her partners right the wrongs done to their clients—all while keeping firm grips on their interns?

Enjoyable

By Crazie Betty

This is porn. Now I'm not saying that's a bad thing, I just need you to realize that this book is literary porn. I thoroughly enjoy reading a plethora of different types of genres and sub-genres, and erotica is no different for me. Romance, BDSM, polyamory, torture-porn, dub/non-con, captive/captor, and, of course, porn! Honestly sometimes that's all you want and Kay Brandt has always delivered for me on that front.

The “story” is of a bunch of female partners at a law office who bring in young and not experienced female interns who are then picked off by the partners and either chosen to be theirs or they are dismissed. The interns don't do any real work other than to make sure their boss, the respective partner, is happy and fulfilled. This means doing any and all debaucherous and lewd sexual acts that said partner desires. Now obviously this isn't going to fit into any realistic sector, but it very much plays out like a full length porn movie with the boss/secretary kind of trope. I love those kinds of scenes so I actually really enjoyed the sexual humiliation and domination that occurs between the attorneys and their interns. Pages and pages of all manners of f/f play, some on the more sensual side, some on the more crass side. Even their clients get in on the action!

Now after saying that I must let you know that there isn't any real legal work done in this story. In this first volume there are 2 scenes with different clients and both end up being around sex so that is definitely the consistent theme of the book. Although none of the characters truly struck me (I didn't feel like I really got to know any of them beyond their sexual preferences) there was one that immediately I couldn't stand. August, the main partner of the practice. She is just so full of herself, but the biggest complaint I have is how poorly she treats her clients. I know that's kind of ridiculous for me to even say given that this story focuses on the sex and not the actual legal profession, but still. I just couldn't deal with her. As a side note, I really enjoyed the whole scene with the D.A. ?

I will most likely read the next volume to the story just to see what happens to the ladies and to find out what other tricks Brandt has up her sleeve.

I received a copy of the story for free from the author, in exchange for my honest review, via the Goodreads BDSM Group TPE Bar.
