# NATIONAL GEOGRAPHIC VISUAL HISTORY OF THE WORLD BY NATIONAL GEOGRAPHIC PDF

This publication *National Geographic Visual History Of The World By National Geographic* offers you far better of life that could create the high quality of the life better. This National Geographic Visual History Of The World By National Geographic is what the people currently require. You are below as well as you may be precise as well as certain to get this book National Geographic Visual History Of The World By National Geographic Never ever question to obtain it even this is just a publication. You could get this publication National Geographic Visual History Of The World By National Geographic as one of your compilations. Yet, not the compilation to show in your shelves. This is a valuable book to be checking out collection.

## From Booklist

This hefty volume covers history from around 4000 B.C.E. to the contemporary era. Each of the eight chapters--"Prehistory," "First Empires," "The Ancient World," "The Middle Ages," "The Early Modern Period," "The Modern Era," "The World Wars and The Interwar Period" and "The Contemporary Period"--is divided into topical sections and one-page subsections. Each section has a brief introduction, and each subsection is introduced by a one-sentence description. A time line found at the bottom of every page pinpoints key events, names, and dates corresponding to the page's content. Embellishing every page are anywhere from 5 to 10 illustrations, mostly in color, and though they are small, the illustrations are clear and well chosen and do a good job of bringing history to life. Numbers are used to key the images to the text. Other features include sidebars containing quotations, brief biographies, or interesting facts. Five two-page "Key Ideas" sections cover topics such as Christianity and Islam, and four "In Focus" foldouts offer chronological summaries of the Roman Empire, the Reformation, the French Revolution, and World War II.

Other recent single-volume world histories for the high-school level and up include Facts On File's Encyclopedia of World History (2000) and the sixth edition of Houghton's standard Encyclopedia of World History (2001). Each offers something different; the copiously illustrated Facts On File volume is arranged alphabetically, while the Houghton volume is arranged by broad time period, with divisions for regions, countries, and cultures. The National Geographic volume is more current, and this, along with content that is well organized, balanced, and attractively presented, makes it an exceptional value for school and public libraries. The world history book to define all others, National Geographic Visual History of the World is a classic in the making. No other volume offers such a comprehensive and richly illustrated chronicle of world events, from the construction of the Pyramids to the overthrow of the Taliban. Readers see how momentous happenings, personalities, catastrophes, discoveries, and inventions unfold in a visually stimulating layout. Four eight-page gatefolds bring to life major events of world history and thousands of paintings, photographs and illustrations depict subjects ranging from the Roman Empire to the Reformation, World War II, to the war in Afghanistan. A timeline at the bottom of every page highlights the most important events, names, and dates of the era, and color-coded cross-referencing helps point readers to other applicable sections. Ideal for people who prefer to flip through books at random, this highly accessible resource contains sidebars on the great religions, influential ideologies, and other topics, as well as biographies of world leaders and notable personalities in the arts and humanities.

National Geographic Visual History of the World is an indispensable, impressive, and extravagantly illustrated reference of social, cultural, and military history in one volume. It is a must-have for all families, armchair historians, and serious scholars alike.

Great purchase.

By jljohnston22

Bought this as a gift for my father who loves history. I would consider purchasing a second copy for myself because it's a succinct and visually appealing history and as a homeschooling mom, I could see myself referencing this often. Great purchase.

My son loves history.....

By bells23

Bought this for my son for Christmas present. He loves history and really enjoys reading this book. It is a heavy book, he was disappointed that he won't be able to carry book in his backpack because of the weight of the book.....

37 of 38 people found the following review helpful.

informative and pleasing to read

By Pei Kang

This was an in-depth look at our world history and written in an easy fashion.

The pictures were well rendered and I loved the stuff written on the early cultures (the byzantine empire, etc).

However, I was a little disappointed on the all-too brief pages written on Asian history. Asia has over 12,000 years of history combined (if you include India, Japan, China, Korea and the Islamic worlds etc). and the

authors/editors decide to skim it with only 15 pages or so?

That's not quite a complete view of the world, if you ask me....

There's plenty of focus on the European eras (all of them) and not enough on the Asian ones.

Still an excellent read though; and for any student of history (or needing a paper done in minutes) this is definitely the book to use!
