“You are my happy ending. Everything else happening around us? It doesn't mean shit.”

Life is made up of hills and valleys, but fate Never did say that I'd get stuck in a rut like this. It's my turn now, mine, and I'm supposed to be happy. I've got Ty McCabe, my dark butterfly, my prince in a crown of thorns, so why is there all of this blood and this bullshit?

What ever happened to happily ever after?

But I'm different now. Stronger. I won't sit back and watch everything fall away. This time, instead of running, I'm going to fight. I'm going to fight with everything and then some because I have my soul mate, my son, my sisters.

I finally have a life worth fighting for, and I won't give it up.
Not even to fate.

NEVER DID SAY Excerpt

I burrow into Ty's side, breathe his scent in and let it coat my lungs. This, this is how I want to die, lying next

to the love of my life with the gritty perfection of bad boy and cigarettes and f*cking soap filling my nostrils. I'll die happy then, truly I will.

“Will you still love me when I'm old and wrinkled?” I whisper randomly. Everybody has these thoughts at some point, don't they? I have no idea why I decide to ask this question at this exact moment, but I do. Maybe it's because I know Ty will give me the answer I want to hear. What I don't say, but that he probably already knows, is that lying next to him like this is the most soothing balm my twisted soul could ever ask for. Sleeping next to a guy, knowing him, not f*cking him. It's the most intimate thing I've ever done. And the fact that I have Ty's baby inside of me? My stomach explodes into a swarm of butterflies, and I actually feel nervous being around him, excited. I hope this feeling never fades.

Ty pulls me just a little bit closer, hugs me a little tighter.

“I'll love you because you're old and wrinkled. Nev, some people get freaked out at the thought of being old, but you know what? If you get that far, you should just consider yourself lucky. I'd rather die old and toothless in your arms than drop dead tomorrow. Sure, I'd leave a pretty corpse, but it wouldn't be worth it. Each second with you is a f*cking gift.”

I laugh, lifting up his shirt with my left hand, so I can lay my fingers against bare skin.

“You're too much, you know that? Do you come up with this sh*t on the fly or plan your lines in advance?”

“Um, I'm a bad boy, remember? I got lines for days, baby cakes.”

Love TY & Never

By Kol79

I couldn't wait to finally see what happened to Never. Everyone knows that CM is the queen of cliffy's and yes there is a cliffy lol. Ty & Never are so perfect for each other, they complete each other and become a whole. They are soul mates and in the book they are tested. With the #bitch Angelica never have been a good mother always seems to come back and screws their life up. How much can a couple take before they break? The strength that Ty & Never have could never be broken, and Zella & Noah UGH she needs to understand that he is over Never and she will be happy and be with someone who will love her forever. The action is none stop and I NEED the next book NOW. DAMN U CM lol

Ty and Never...

By Cindy O

I certainly hope that at the end of this series that every one of these sisters gets the best HEA ever in the whole wide world. They certainly deserve it and I know as a reader of this series I deserve it for the hell she puts me through with the cliffhangers at the end of each book!!

Never Did Say brings us back to Never as the narrator after the huge cliffhanger we were left with in Never Let Go. Ty and Never's love is still strong and it withstands some pretty big blows in this one. But if you've been reading the series from the beginning these two have faced far worse and managed to overcome so much. Right now they are the strongest of everyone yet life still keeps trying to knock them down.

My hope is that soon Ty and Never can truly have their HEA and we can move on to each of the sisters getting theirs.

Love, love, loved this book!

By Alisa

Really liked this book, it was well written and readable. I'm big on the back and forth speaking and the internal thoughts, and I love that this book was written how I'd talk or think myself. I'm all for vocabulary, (I am very educated with a extensive vocabulary myself) but when I have to use the dictionary to figure out what a word means, it takes away from my enjoyment of the book.

I love how much never and Ty love each other, even being hot messes separately, together they're strong. I've read reviews stating the story is completely inconceivable, but I truly think the love they show each other ageless.

My one complaint, ugh cliff hanger!!!! Though, it will just keep me coming back for more.
