Excellent product, excellent service

By Amazon Customer

Excellent product, excellent service

2 of 2 people found the following review helpful.

The book I keep going back to

By LeMoor

I have been collecting and growing Orchids now for over 10 years but still consider myself a novice to Orchid science. I have read many books on Orchid keeping but find myself always going back to this book for refreshers and tips. I believe I owe my first Orchid re-bloom to this book. I highly recommend this book to both new and experienced lovers of Orchids.
