Jack "Preacher" Prior is at a crossroads -- literally. Left for dead in the Badlands, he's managed to survive. He's stolen a truck, but where can he go? Body broken, mind reeling from betrayal from his own MC brothers, he knows he won't last a day back in Rapid City in his current condition.

Two roads stretch out in front of him. One leads to the city and one deep into the black hills where no one knows him as the former President of the Badlands Buzzards. Revenge is not a question; it's an absolute. Preacher will get his due soon enough or die trying.

Erin Walker is at a crossroads of her own. Dealt a bad hand by being the daughter of Buck Walker, ex-Rodeo Champ, she's made her own way in the world without his help. She owns Thunder Ridge Ranch outright, and she's carved out a piece of paradise for herself with her own two hands. She's not giving it up without a fight, but she's alone in the world with no one to trust.

In Erin, Preacher finds something that doesn't exist in his own world: a smart, fierce independent woman who sets his blood on fire. For Erin, the mysterious man who threatens her life might very well be the only one who can save it.

Can Preacher put aside his desire for revenge against his old MC and accept what's in front of him: a woman who needs him and a future worth having? Erin knows in her heart that Preacher is a bad, dangerous man, but can she trust him anyway?

Not every choice is theirs to make, though, and in Rapid City the past never stays buried.

Preacher was worth every minute I waited to get my greedy hands on him.

By Mommynneedsabook

I'll start with the obligatory "I received a free ACR in return for an honest review

\*side note\* It is absolutely not a requirement to have read the Burnout or Stark Inc series to understand or enjoy Preacher, but it would probably be really fun if you did.

Preacher.

What can you really say about Preacher? Well a lot actually but not without telling the entire story and ruining every heart wrenching, exasperating and thrilling moment.

If you are a fan of Dahlia West, you are familiar with Shooter, which means you know all about getting Slick off the bus/doing Shooter a "favor" by bringing him back his "house mouse" scene. Which was by far my favorite Preacher moment (until now). Don't ask why just go with it. This means that if you're anything like me you have also been not so patiently waiting for a chance at Preacher's story. And if you are like me each time that Preacher was mentioned you got down on your knees and prayed to whatever muse Dahlia uses that she found the inspiration and wrote Preacher's story. I mean really he's a man of mystery. We don't ever truly get a lot of back ground on him so we're intrigued. This brings me to now. Now I know the truth. Jack "Preacher" Prior is an ice for blood in his veins man. He gets played by his own people, left to die, takes a hostage (does a really bad job at that) disposes of bodies, lies, cheats, steals and then ends up where? On a farm, with a Rooster that's a ninja pimp, a dog as his sidekick, a stallion with an agenda and Erin. Erin who is good and clean and honest and just wants a chance to prove that she can do it and doesn't need a man to take care of her (cliché I know but it fits this story I promise). She is as fearless as Jack is damaged, and as open as he is closed off. Because he doesn't think he deserves what she is offering, he doesn't even know how to give back a little bit of what she is offering him. But see that's the power a good (that's an important word there) woman has. Men say "they can't" (and Jack sure did A LOT) and women say "Yes you can, you're an idiot". And despite everything she has given him, he just can't because he still doesn't want to believe that he is deserving of anything good and sweet and clean.

So no in retrospect Jack really doesn't deserve the second chance that seems to be right in front of him. He doesn't deserve a good, honest woman to sink into at night. He certainly doesn't deserve a chance to fall asleep with both eyes closed and sleep deep. He doesn't deserve a chance to have dreams and memories of and with a good women and a future, because his past just won't leave him alone. And until his past is just a fading memory he won't get a second chance.

So, as I say in all my 5star reviews, go do yourself a favor, One-click Preacher. Get the story of the boy who became the man who held Rapid City in his hands, and in two defining moments lost it not once but twice. Read about the man who isn't looking for redemption, he knows he is beyond it and the one women who might be just more stubborn than him for believing he deserves it and that she deserves him.

Preacher's salvation

By Meg Reider

I'm so glad I got to learn Preacher's story. He was the childhood friend of Shooter (book 1 of the series) so you just knew that if Shooter once liked him that there had to be potential for a decent man to emerge. In this story, Preacher's life as head of the Buzzard's crime ring comes to an abrupt halt when he is betrayed by power hungry underlings. Against the odds, he survives the treachery and burns for revenge. Only something unexpected happens. He ends up on a horse rehabilitation ranch run by a caring, but strong woman. She teaches him another way of life and slowly shows him the possibility for a different future, if he wants a different life. But Preacher's old life isn't one he can simply walk away from...so he has to find a way out if he wants a future with her. And the way out is fraught with danger and deadly peril.

I loved this book. I loved he first book, Shooter. The subsequent books, Tex, Easy, etc....were a big let down.

This is the first one that lives up to Shooter. The love story evolves over time. She's a strong woman, but she can't make it on her own. She needs a strong man who can handle the predators in her life. He's a bad man, he's never learned gentleness or been free from the constant threat of violence. He's steeped in aggression and violence...it's all he's ever known. She exposes him to a new way of living, giving him hope for a future, a real future. Loved it.

A must read!

By Floridareader

I received an ARC in exchange for an honest review

WOW! This latest from Ms. West is actually a 5 plus star book!

We met Preacher in some of her previous books in her Burnout series. This book gives us an indepth look into this complex character. Preacher has had a life full of despair and violence but when he's drugged, beaten and left for dead in the Badlands, he comes back to life so to speak and evolve into a person that is so much more than even he thought possible. He meets a strong, smart woman named Erin who shows him that there is another side to life than fighting everyone around him to survive.

This can be a stand alone book, however it will be more enjoyable if the reader reads Ms. West's Burnout series first or at least her book Shooter. Many of her characters from previous books make appearances in this book and her previous books will give the reader a much better understanding of them and how their shared pasts with Preacher help to round out his character.

I really loved this book and highly recommend it to any reader that is looking for a good drama filled read.
