STAR WARS PROPAGANDA: A HISTORY OF PERSUASIVE ART IN THE GALAXY BY PABLO HIDALGO PDF

A Star Wars authority deepens and extends our appreciation of the Star Wars galaxy with this imaginative "history" featuring striking full-color artwork—created exclusively for this entertaining volume—that examines the persuasive messages used to intimidate and inspire the citizenry of the galaxy far, far away. . . .

A Star Destroyer hovering over a planet, symbolizing Imperial domination.

An X-wing delivering a message of resistance and hope on behalf of the Rebellion.

A line of armed, faceless First Order stormtroopers promoting unity.

These are all examples of propaganda used by the Empire to advocate strength and maintain fear, and by the Rebel Alliance to inspire hope and win support for the fight. Star Wars Propaganda takes fans into the beloved epic story as never before, bringing the battle between these two sides to life in a fresh and brilliant way.

Star Wars Propaganda includes fifty dazzling pieces of art representing all seven episodes—including material related to Star Wars: The Force Awakens—specially produced for this companion volume. Each page combines an original image and a short description detailing its "history:" the in-world "artist" who created it (either willingly or through coercion), where in the Star Wars galaxy it appeared, and why that particular location was targeted.

Packaged in a beautifully designed case and written by a franchise expert and insider, Star Wars Propaganda also includes ten removable art prints, and is sure to become a keepsake for every fan and graphic artist as well.

Impressive most impressive book

By Jason Repp

I love propaganda art and it's not so different in the Star Wars galaxy. From the Clone Wars to the rise of the first order this book covers everything. Another great book by Pablo Hidalgo

A MUST for Star Wars fans! Best in-universe source book EVER!

By Roger Pirrone

This is by far the my most favorite in-universe source book. Everything in the book is worded as if you picked it up off the shelf of a library in the Star Wars universe. There are fictional artists and the events described are completely correct, not skewed by the author's potential bias for certain films.

This book is a MUST for any Star Wars fan, it might turn out to be your favorite too!
