Beautiful, and of Its Time

By Lajeane Keller

This publication is a full-sized (not one of those pocket books Taschen often puts out) extremely impressive book, and a must have for anyone interested in this subject. Originally written in the late 1800's by a Frenchman, the book concentrates on historical French costume with quite an extensive look at international costume (includes America, Oceanic, Africa, Pacific Rim, Middle East, etc.). Most of the plates are color with only a few black and whites that would have been distracting if color had been used. After viewing this book online (French language edition) at one of the many Gutenberg Project sites, I knew it was a must have for the English translation, and a larger "hold in your hands" copy of the book.
