trinity has made her decision, after a life-changing travel she found her true love, lord ashton, now she's in paris and after a sexy night he surprises her with an important question. what will be her answer? is nobility ready for an american, modest girl in their family? we'll see

oh my sweet lord! i need to confess i was praying, crossing my fingers, and stalking for get an audiobook copy of this title (yes, i need an audible subscription i know #comingsoon).

i adored the good sister part one, trinity's story captivated me as soon as it started but this second part is totally different but impressive as well. trinity isn't the same naive, no-beautiful girl, she's sexy, confident, radiant, precious woman. she's madly in love with her lord and together are going to confront a few rough paths.

the way she gives herself into ashton is impressive, but she doesn't lose her personality or forget about her own person. i love that.

ashton, oh my lord.. right he's trinity's lord not mine. that man is freaking sexy, confident, intense, and lovely with her. he's always fighting for his love and he doesn't want to lose her for his family pressure. also, he's an expert with his tongue by the way.

the storyline is pretty simple but fascinating, i was totally hooked up with it, i devoured this audiobook in a couple of days.

Audiobook Impressions

narrated by kitty sanclair. when i listened the first audiobook of this series she jumped into my favorite female narrator ranking to the top and now she exceeds all my expectations. i was captivated by her voice, her french and british accents, the lustful in her voice. yes! that woman knows how to read erotic scenes and i don't feel shame admitting she made me feel aroused as she narrated a few scenes.

Amazing

I have one word for this book. Amazing.

The Good Sister series is the story of a young woman's journey of self discovery. Trinity's transformation from a mouse who was afraid of her own shadow to a beautiful and confident butterfly is concluded in this part. We see her initial obsession with Reid Addison transform into intense love for Lord Ashton Archer.

I have to say I loved Ashton, he was gentleman and freaky sexy in equal measures. And the way he fought for Trinity despite pressure from his family was fantastic. Every woman needs a man like him in their corner.

I can't review this audio book without mentioning that I loved the narrator's voice. It was one of the things that kept me enthralled with this series. The sensuality in her voice transports you right into each scene and makes you experience it vividly.

I can't recommend this book enough. But first go an read/listen to The Good Sister Part One. Absolutely fabulous.
