So, it enables you review it everywhere you have desire to check out [The Guestbook By Holly Martin](#)

# THE GUESTBOOK BY HOLLY MARTIN PDF

Welcome to Willow Cottage – throw open the shutters, let in the sea breeze and make yourself completely at home. Oh, and please do leave a comment in the Guestbook!

As landlady of Willow Cottage, the young widow Annie Butterworth is always on hand with tea, sympathy or strong Norfolk cider - whatever her colourful array of guests require. A flick through the messages in the leather-bound cottage guestbook gives a tantalizing glimpse into the lives of everyone who passes through her doors.

This includes Annie herself - especially now celebrity crime writer Oliver Black, is back in town. He might grace the covers of gossip magazines with a different glamorous supermodel draped on his arm every week, but to Annie, he's always just been Olly, the man who Annie shared her first kiss with.

Through the pages of the Guestbook Annie and Olly, along with all the guests that arrive at the seaside retreat, struggle with love, loss, mystery, joy, happiness, guilt...and the odd spot of naked rambling!

Forget sending postcards saying wish you were here - one visit to Willow Cottage and you'll wish you could stay forever.

Praise for Holly Martin

'Holly Martin writes about life and love with such big-hearted warmth and flair – invite The Guestbook into your home today!' - Belinda Jones

'Funny, poignant and riveting as well as romantic. Don't miss The Guestbook! I couldn't get enough of the guests' entries and it's got everything: humour, heartbreak, loss, love.' - I Heart.. Chick Lit

'If you're going to buy any book then buy this delightful one! The Guestbook is splendid, it is beautiful, it is magical and it will leave you with such a smile on your face!' - Reading in the Sunshine

'Captivating, romantic, fun, laugh-out-loud funny, effortless, exciting and unputdownable! EVERYONE SHOULD BUY THIS BOOK!' - Victoria Loves Books

Original and heart-warming

By Bookboodle

I've got a bit bored of typical romance novels as late but had promised to read *The Guestbook* as part of the Gosling Girls book tour. Well, I'm glad I did because this isn't your usual style of chick lit rom-com novel. It's a real breath of fresh air!

Each chapter is dedicated to a particular date when guests are visiting and via *The Guestbook* we're treated to snippets of people's lives of those who stay in the cottage. Through these visitors leaving their messages we also learn about Annie and her life. There's a real mix of relatable characters that bring the cottage and story to life...some you'll love, some not so much (the awful Mrs Applecroft - I'm so glad she got her comeuppance!).

I like that my Kindle version had each person writing in a different font and their own identifiable writing style. You soon get used to who's who and I really liked this style.

As I was reading I did think these people are very open and honest in the things that they write in this book for all to read and then on the next page:

"It seems that not having the pressure of talking face to face means that people can put what they really feel in this book."

Overall, an original heart-warming novel which will have you rooting for Annie all the way!

Brilliant!!!!

By Miss N King

When I started this, I didn't think there would really be a plot- after all, a different person would be staying in the cottage every week, taking their part of the story with them, so nothing would be continually, right? But I couldn't have been any more wrong- there was, and it was amazing!

Annie Butterworth, a young widowed landlady, owns a cottage which she rents out to holiday makers for a few weeks at a time. She decides to add a guest book, to communicate with the guests, let them keep a bit of a diary and just make them feel at home.

Okay, so, first of all, this was absolutely hilarious. I read it at about half nine at night, so I couldn't laugh as hard as I wanted to, but I found myself giggling at multiple points in the book. Everything that happened with the various guests linked together and each one had their own font (handwriting) so returning guests were easy to recognise.

I loved how there was even a romance, formed not how it would in a normal book, but within this guest book! We got every aspect of it, purely from diary entries; some of it very cleverly done by it being the guests relaying the romance!

The same goes with Annie's history. I didn't think I would learn much about her or come to love her as much as I did, but by the end, I did. I also really loved Oliver; a funny, ironic writer, trying to win Annie's heart.

Normally this style of writing just doesn't work, but it did, and so, so well at that. It was a refreshing read, but had an amazing plot-line and there were more serious parts to break it up.

I really enjoyed *The Guestbook*. An unusual style, but with a full plotline and romance, it ticked every box for an adult chick-lit.

I couldn't get enough

By [garth.george](#)

The Guestbook follows the story of Annie Butterworth, a widowed cottage owner who opens doors to guests from everywhere, where every one of her guest will pen down their thoughts and experiences during their stay. This is because the book is an actual guestbook!

Since the entire book is written from every character's POV, we can get a glimpse of their experiences and thoughts as well as insight on the going of the plot. I really like the concept of the book as it's something entirely new and exciting! And Holly's use of different fonts for every character's entries is simply clever! I really enjoyed reading each character's story and their personalities shine through their entries.

There's a bit of a mystery that's embedded in the storyline. Who was Annie's husband? What happened to him? What's Annie's past with Olly? I guess predictability plays quite a huge role in the plot as I was waiting for the moment where Annie would realise that Olly actually cares for and loves her.

All in all, it's a great debut novel and I really enjoyed it! I wish there were more pages for me to indulge in! Funny, poignant and riveting as well as romantic. Don't miss The Guestbook! I couldn't get enough of the guests' entries and it's got everything: humour, heartbreak, loss, love.
