A Treasure in the Clutter (in my opinion)

By Quu

It has both the Imprimatur and Nihil Obstat. The information in here feels un-opinionated and accurate. The book is like a history textbook used in a public school except it is about church history. The book's author is a Catholic priest.

Three Stars

More beat up than stated in notice.

The best Catholic textbook available

By Christina Martin

To say "the best" may sound like an exaggeration, but I don't think it is, in this case. I've homeschooled for

12 years, and I've seen a lot of Catholic educational materials in that time... some good, some bad. This excels them all. One of the most difficult things for a Catholic who is homeschooling a high-schooler is finding age appropriate materials that are written in sufficient depth and at a college preparatory level. So many of them are written either in simplistic language, or for the adult learner who has more specific, non-academic needs. This book is a must-have for anyone who is educating highly intelligent teenagers, or for the motivated Catholic adult.
