From School Library Journal

Gr 4–6—In this installment, the young thief-turned-wizard Conn is not only back from exile but has also been appointed to the post of ducal magister by his friend (and Duchess of Wellmet) Rowan. Conn, hating the idea of living in a suite in the palace eating fancy food, goes undercover to discover who is stealing the magisters' powerful wizard stones—something that should be impossible. It turns out to be Conn's enemy Crowe, aided by treachery within Rowan's inner circle; his diabolical plot threatens to upset the delicate, uneasy balance between the two City "magics," which would lead to disaster. Fans of the series will relish Conn's return to his old gutterboy life, full of dirt and danger, though they might wish the plot had a bit more of Conn's friends Nevery, Benet, and Rowan in it. The protagonist's trademark uncommunicativeness with everyone around him is balanced by his voluble no-filters narration, and the back matter (including a hoity-toity palace menu scrawled with Conn's dismayed comments) adds to the charm.—Eva Mitnick, Los Angeles Public Library

From the Back Cover

Never look back!

Conn has come a long way since the days when he was a thief and a wizard's apprentice. He and the dragon Pip have saved the city of Wellmet from doom more than once, and now his best friend, Duchess Rowan, wants to make him the ducal magister, the city's most important wizard. But the older wizards don't trust Conn . . . especially now that their locus magicalicus stones are disappearing! Once a thief, always a thief, they think.

To solve the mystery of the disappearing stones, Conn goes back to his beginnings—gutterboy, chimney sweep, mudlark, and, yes, thief. It's the only way he can clear his name and find the culprit. But turning back is not easy, and old enemies don't disappear. Can Conn pull himself out of the gutter one more time?

Sarah Prineas magically transports you to an extraordinary world where cities run on living magic and a young thief can become a powerful wizard.

About the Author

THE MAGIC THIEF: HOME BY SARAH PRINEAS PDF

The Magic Thief: Home, the fourth book in the acclaimed Magic Thief series (also including The Magic Thief, The Magic Thief: Lost, and The Magic Thief: Found), finds new wizard Conn back where he started—accused of being a thief.

Despite successfully securing a balance between the competing magics of Wellmet, Conn is not happy. Duchess Rowan has promoted him to ducal magister, but the other wizards see him only as a thief. But something sinister is brewing, as magicians' locus stones are being stolen and magical spells are going awry. As Conn faces old enemies and powerful magical forces, is he strong enough to save the city he calls home?

Diana Wynne Jones, author of *Howl's Moving Castle*, praised this middle grade fantasy series filled with magic and wonder, saying of the first, "I couldn't put it down. Wonderful, exciting stuff."

Hail, Hail The Gang's All Here

By Pop Bop

When I pick up the fourth volume of a trilogy, (this series supposedly wrapped up with the third volume in 2010), I think of a performer waiting nervously in the wings after his act is done, waiting to see if the audience's applause is enthusiastic enough to justify an encore. With this series the audience was very enthusiastic and there was much disappointment that the Magic Thief trilogy had concluded. Well, Book 4 has finally been launched, and it was worth the wait.

Everyone is back and we pick up right where we left off. Conn and Nevery and Benet and Rowan and Embre and Captain Kern, and that bad baby dragon, Pip, are all here, and the book takes off in a rush. By the end of Book 3 Conn had brought a new younger magic to supplement the older but weakening magic that had always powered Wellmet. As Book 4 opens, the two magics are not working well together, ("...like two dragons, both trying to fit into one dragon's space,..."), and magic is in considerable disarray. Rowan, the ruling Duchess, needs Conn to serve as ducal magister, (head wizard), and get a handle on the problem. Conn resists, and then when a locus magicalicus stone is stolen he is accused and his whole thief history comes back to the fore. Who is really stealing these magical objects, and why?

I had forgotten how much I liked these characters. Rowan is the most competent, vulnerable, resourceful heroine I've encountered since Hermione Granger and her struggle to be a good ruler at a tender age is touching and inspiring. Conn is, as usual, a bit more angsty than I'd like, but once we move beyond that he remains a solid bad-boy hero. Every other character steps up to the plate in a satisfying fashion, so it's all good.

As always Prineas has a good handle on her material, with a nice balance of magic, action, intrigue, Wellmet politics, humor and character development. On reflection, these books are actually pretty "sprawling" for middle grade fantasy adventure, but Prineas keeps everything sharp, clear and energetic, and completely accessible to a younger reader.

So, it took a while, (Prineas has published her "Winterling" books in the meantime), but all's well that ends well. This is a solid entry in the Magic Thief series.

Please note that I received a free advance copy of this book in exchange for a candid review. Apart from that I have no connection at all to either the author or the publisher of this book.

Excellent and Entertaining

By K. M. Martin

In HOME, Conn is back in Wellmet and has a number of problems. He is a very powerful wizard but, being only about twelve years old and not very tolerant of what he sees as stupidity, most of the other wizards really, really dislike him.

His best friend Rowan is, at sixteen, the new Duchess of Wellmet and his cousin Embre is the Underlord who runs the Twilight part of the city. Rowan wants to "reward" Conn for his efforts to save and protect Wellmet by making him the Ducal Magister. Conn doesn't want the job and especially doesn't want to live in the Dawn Palace and be watched over.

Additionally, someone is stealing the locus stones of the other magisters and most believe that Conn is the one responsible. Conn knows that he didn't do it and sets the problem aside to deal with the problem he believes is more important. The two magics that now inhabit Wellmet aren't working together and it is throwing off all the spells cast by any magicians. If Conn can't get the magics to work together, they could destroy the city.

And, just because things can never be easy for Conn, an old enemy has returned who wants to defeat both the Duchess and the Underlord and take over the city himself. He doesn't realize that his plans could cause the destruction of the city he wants to rule.

A big part of this story has Conn deciding what he wants to be and do. He doesn't fit back into the gutterboy lifestyle and he certainly doesn't want the Ducal Magister lifestyle. Once he gets a minute without a crisis he is going to have to decide what he does want.

This is an excellent and entertaining addition to the Magic Thief series. Middle graders will love the action, the danger, the friendships, and the dragon. They will also enjoy getting to know Conn. The coded messages (key at the back of the book) will also intrigue readers.

This series is a "must buy" for both my elementary and my middle school media centers. I can't wait to share it with my students.

it's a brilliant book in a fabulous series

By M. Munoz

This book has gone through four kids (ages 9-14) in my house in one week. I have to say it was little irritating to watch them all laughing, cringing and reading with a hand over the face. :) I was desperate to know which part they were reading, but was reading it next and didn't want any spoilers. I also had to ban any MT talk in the house in case I heard snippets, so they started to huddle outside to discuss it.

As usual, it's a brilliant book in a fabulous series.

P.S. I know the author has no real control over this but the book is also VERY pretty/ handsome (do books have gender?). The cover is a gray-green and the size is wonderful. Beautiful book. Looks great on the shelf (which I know does not matter in the slightest).
